

# SMART CABINETS

- DENTAL
- MEDICAL
- COMMERCIAL
- SCHOOL
- VETERINARY

SmartCabinets offers high quality custom cabinetry at affordable prices for all your commercial cabinetry needs.

Our team has over 30 years of experience in the cabinet making business. Our manufacturing facility provides Computer Aided Design (CAD) and Manufacturing (CAM) along with CNC and automated edgbanding technologies.

Using this vast experience, SmartCabinets continues its commitment to our customers by creating higher quality, more affordable cabinetry to meet any need you may have for medical, commercial, schools, offices, dentists, or veterinarians applications.

If you know what you are looking for, we can manufacture custom commercial cabinets to your specifications. If you are not sure what you need, our highly skilled team of designers will work with you or your company to achieve stylish, functional, and durable product.

No matter the project size, we will work diligently in order to adhere to any timeline your project may have. Please do not hesitate to contact SmartCabinets for a free quote for your project.

## TECHNOLOGY

We combine over 30 years of experience with the latest machinery and technologies to bring you custom cabinets of the highest possible quality.

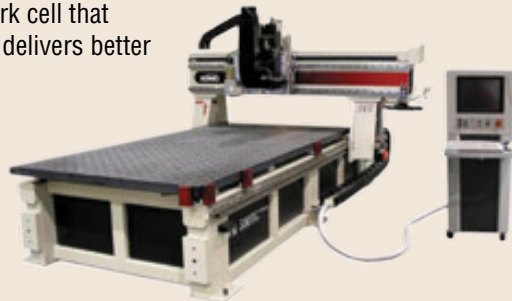

Here is some of the equipment we utilize in our cabinet making process.

Adwood's RAPID series edgebanders can process material coils up to 3mm and strips up to 5mm.

Komo's Solution series of CNC machining centers is engineered to fulfill your needs.

The solution is a versatile, heavy-duty work cell that produces consistently superior parts and delivers better part finishes at higher cutting speeds.

## DENTAL/MEDICAL

### Standard Features on all cabinets:

- Full 5-year warranty
- 20+ standard laminate colors
- Blum metabox drawer systems and hinges
- 14 gauge metal sub bases
